

DOMINO DE CORRESPONDENCIA. RECORTA Y JUEGA.

SERIE DE 10 CUADERNOS

El objetivo principal es ayudar al desarrollo intelectual y motriz del niño, para una óptima preparación con vistas a la futura etapa escolar.

Recomendamos, muy especialmente, seguir los puntos de todos los dibujos y darles color de acuerdo con las instrucciones al pie de cada página. Con ello se pretende conseguir soltura y agilidad manual, muy necesarias para alcanzar una escritura clara, sencilla y correcta.

Es preciso trabajar despacio, coger bien el lápiz, rotulador, etc., sin apretarlos, tal como se indica gráficamente.

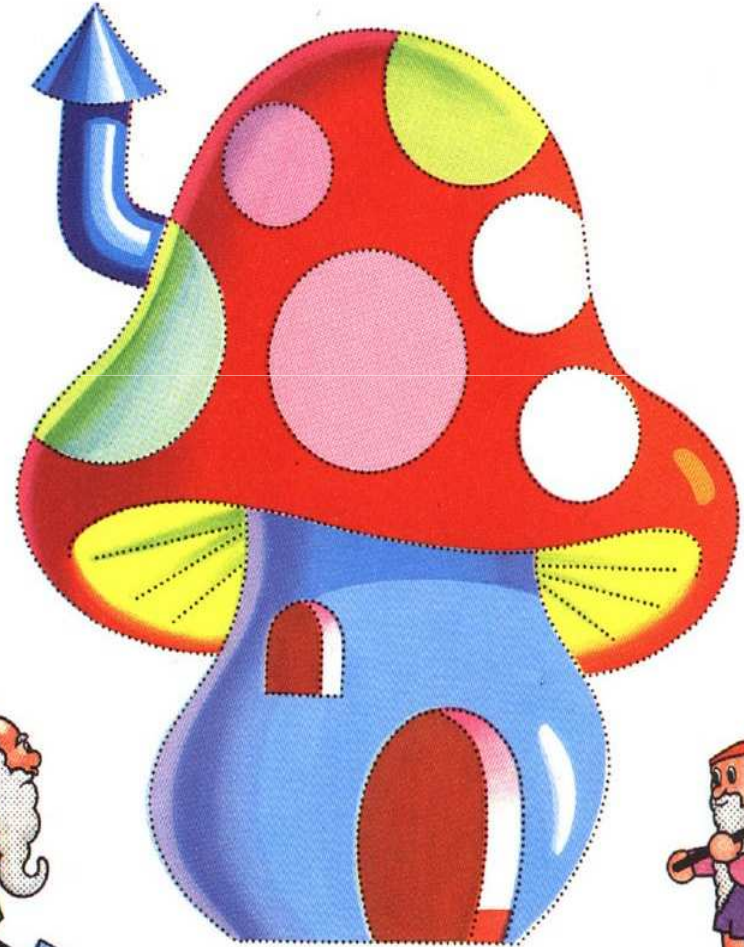

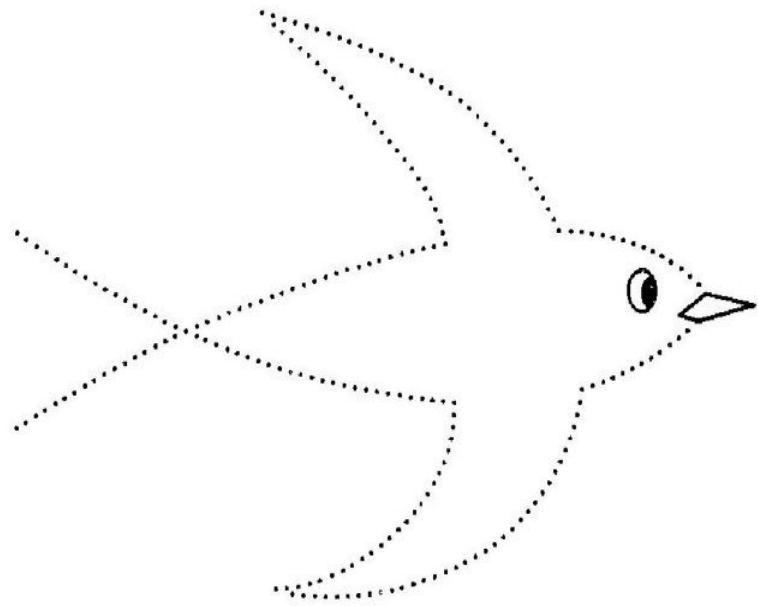

La sencillez de los dibujos, la extensa variedad de ejercicios y el colorido de las portadas, estimulan al niño a hacerle más agradable su labor.
